

Mobile air conditioner - 3 i 1

The air conditioner Climobile provides a cool atmosphere during hot days. Climobile is equipped with a high performance energy-efficient compressor for cooling and can also be used as a dehumidifier. With a low sound level, easy-to-use control panel and remote control, it increases the comfort in the room in a pleasant way.

Three in one

Climobile is a 3-function device: air conditioner, fan and dehumidifier. Climobile has an userfriendly control panel on its top and a remote control, making it easy to set e.g. the temperature (16 - 30 °C) and choose the fan speed for an optimal air distribution in the room. The reversible model can also provide heat during cold days.

Easy and quiet operation

With the timer function, the unit can turn itself off after the set time, from 1 to 24 hours. The adjustable swing hatch can be activated to automatically move forwards and backwards to circulate the air in the room. All functions are available from the remote control. Climobile is very quiet, only 56 dB, and has energy efficiency class A, reversible model A+.

Positioning

Climobile is equipped with a 1.8 m long cord with plug and wheels underneath, which makes it easy to move. Installing the Climobile on a sliding window is very easy thanks to the included mounting kit consisting of a 1.5 m vent hose (Ø150 mm) and a cover plate.

Technical specifications

Air conditioner Climobile (IP21)

Item number	Type	Cooling output [W]	Dehumidification capacity [l/h]	Airflow [m³/h]	Sound level L _{PA} ^{*2} [dB(A)]	Refrigerant [g]	Voltage [V]	Amperage [A]	LxHxW [mm]	Weight [kg]
990574	CLIMOB09	2650	0,96	360	52/54	230	230V~	4,5	430x730x360	28
990575	CLIMOB12	3520	1,53	420	54/56	265	230V~	6,0	430x730x360	29
999041	CLIMOB12R*1	3520	1,53	420	54/56	265	230V~	6,0	430x730x360	29

*1) Reversible. Heat output 3300 W. COP 2,64.

*2) Distance to the unit 3 metres.

Sound power LWA 65 dB(A).

Refrigerant: R290.

Cold running performance - EER rated: 2,61

Energy class A (Reversible model A+)

Control on the unit and remote control

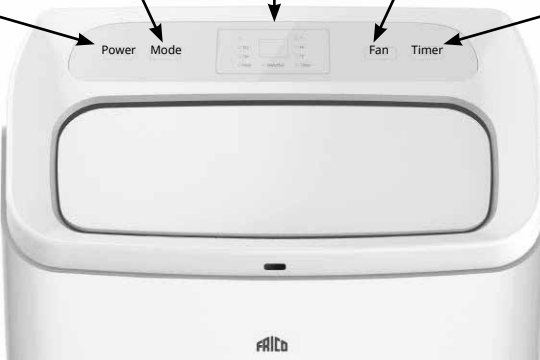

LCD screen: displays the operating mode, the fan speed and the set temperature.

Mode: operating mode
- air conditioning
- dehumidification
- ventilation

Fan: choice of 3 fan speeds

Power: to put the unit on and off

Timer: set up the timer to switch off the device from 1 to 24 hours

The remote control allows the same settings and also enables the swing function of the hatch to automatically go forth and back. Batteries are included.
